After view

Since we wrote the preface in the auction catalogue springtime has arrived, earlier than ever - trees and bushes are starting to turn into fantastic colours. Tonight we also changed the time from winter to summer which means that the evenings are now brighter. Most of us love this combination and we are also feeling happier and more energetic.

For all of us in the stamp business, other things are equally important. Stamp collecting itself is one, but of course also the important social interaction when meeting stamp collecting friends at e.g. auctions, exhibitions, fairs etc. This we really realized during the past weekend. We are convinced that this is one of the reasons for the great results for several offered beautiful items.

Nearly all of the 2 RBS from the "Dania" Collection were sold, which made us extra pleased as we welcome some strong collectors of Denmark. The Icelandic and the Swedish offers didn't quite match the extraordinary standards we have been spoiled with the last couple of years, still many really remarkable results were realized. The colourful and attractive stamps from The People's Republic of China went well as well as the beautiful Austrian cover to Sweden with 6 Kr. and two copies 9 Kr. from the first issue.

With this auction just hours behind us we are now with full force preparing for our rarity sale "Treasure Hunt Auction # 4" that will take place 26 April in connection with the popular "Malmö 3rd International Philatelic Summit". A smaller auction, but with very exclusive items in the highest level of quality and beauty, together with Summit delegates from all over the world is really a good combination for success!

Finally we must mention the Swedish national stamp exhibition this year, **BALTEX 2014**, which due to the international competition "**Seven Nations Challenge**" in combination with specially invited Australian exhibitors, has in reality become a highly international exhibition! Please visit www.baltex2014.se for more information.

If you haven't visited Malmö before, you will hardly get a better reason to do so!
