International Auction # 208

Malmö

1-2 October 2015

Did you know?

Most of the denominations of the early Coat of Arms issue from Finland exist with one or more inverted clichés in the printing sheet. This was supposedly done by mistake, however it has sometimes been suspected that the printers wished to play games with the public. Whichever it was, we shall never know.

Though with the 1 mark value it is a different story. There are only three tête-bêche combinations known, all having a gutter between the stamps, showing that they come from the center of a sheet.

For the Senate printing there were only 26 clichés (one reserve) produced and the sheets were printed in four steps with a printing plate of 5 x 5 clichés. First one quarter above the other, the sheets were then turned upside down for the printing of the other two quarters. The print sheets of 100 were normally divided into small sheets of 25 before they were delivered, this explains why only a few center pieces have survived. These also prove that this was in fact the printing method and the pair offered here is the most beautiful of the three surviving items.

Preface

We are now back at work again after a well-needed vacation with e.g. house renovations, relaxing and trips to exciting destinations. The weather has been very uneven this summer in Europe with extremely high temperatures in the south and colder than normal in the north. The schools have started again after about ten weeks of summer holidays and the Postiljonen Team have been very busy finalizing our two auction catalogues.

The contents of our auction are more uniform than the weather. Once again we are very proud to present a collection in a separate catalogue. The Jutlandia Collection is a specialized collection of classic Denmark 1851 – 1863 in extraordinary quality. Without doubt this auction is one of the most interesting sales of classic Danish philately to date, especially regarding the quality and the composition of the items.

In the main catalogue we offer as usual a wide range of high level classic philatelic items and often in the highest quality. Worth a little extra attention this time is the Finnish section, starting with a wonderful pair of 5 kopek blue with small pearls and continuing with e.g. an exceptional copy 5 kopek greenish blue on wide laid paper. From Great Britain you will find the very rare 5 shillings 1884 on blued paper in a very fresh and well centered unused copy. An extremely extensive collection of British Commonwealth and a huge collection of covers from British Sudan are also lots worth mentioning.

This autumn will be very intensive with a lot of exhibitions and stamp bourses to visit. At some of these we are stand holders while others we shall only be visiting to be able to meet you. We recommend that you check our Calendar on page 6 of this catalogue so you can plan a meeting with us.

Finally we wish to congratulate our two recently awarded Scandinavian Grand Prix winners at SINGAPORE 2015, Jan Berg and Jørgen Jørgensen.

We value our clients and wish you all most welcome to our viewing as well as to the auction.

Mail Bidders!

We always endeavour to simulate the actual auction situation for our mail bidders, you must however beforehand have determined the maximum you wish to pay for each lot and we will ensure that this maximum is not exceeded. Your bids must be in Euro and divisible by 10. The bidding always starts with the second highest mail bid plus the next increase (see conditions of sale sect. 2). The bidding then continues between the bidders in the audience and the highest mail bidder.

Avoid missing out on every item you wanted because of higher bids from others by bidding on many items but limit your total purchase to an amount of your choice (see bid form "my total purchase must not exceed:...excl. commission"). You can for example bid for a sum of € 10 000 but limit your total purchase to € 1 000 or any amount you wish.

You can also bid on two or several items and add "or" in between. We will then make sure that you get only one of these items.

Further, according to your instructions we can for example also raise your bid on one item if it turns out that you got another item less expensive than your highest bid.

Should there be two or more equal mail bids then the first bid received will buy the lot, so please submit your bids as early as possible.

To ensure you a safe handling of your bids, we need them at least 24 hours before the auction starts.

“Postiljonen Horses”

Postiljonen has always emphasized the advantages and the importance of collecting philatelic items of the highest quality. We think this is an important step for the development of modern collecting.

To highlight, and to a certain degree reward what we think is interesting, fun, beautiful and high quality philately, we are choosing a number of items in our auction catalogues and present them with Postiljonen emblems. It should be specially noted that it is not a complete classification, you will surely find other items that would well deserve extra attention.

This choice of excellence is a subjective opinion, even if done with professional as well as philatelic skill and experience. It reflects also the emotional influence of an individual eye.

An item of outstanding quality and beauty. A rarity for its appearance and not necessarily for its value. Suitable in any collection for private enjoyment as well as for exhibition.

An item of highest excellence in regard to quality, beauty and rarity. A wonderful addition to any collection in its area.

"Frankozettel" for Parcel to Belgium

Lot # 603
L 2a+7a+10 ☒

This usage was introduced in the Swedish-Prussian agreement from 1864 and mainly for occasions when rates were not known at the sender's Post Office. It became a guarantee for payment of the postage. In this case the rate was established in Stralsund and due to the currency calculation it became 3 öre more expensive than if it had been calculated in Sweden. The "frankozettel" was returned and the postage paid by postage due stamps 3 and 24 öre in the first shades together with 2 copies of 1 Kr., all nicely cancelled. "GÖTEBORG PAKET 15.7 1875". Only one other such usage is recorded from this period.

Extremely Extensive Collection

Lot # 898 

****/*/⊙/△/(***

Mostly used collection in a pair of very well filled Stanley Gibbons *New Imperial* albums with issues from 1840 up to 1936 *offered fully intact*. Starting with a very good section Great Britain and then onwards with very many areas strongly represented, if not complete including the high and highest denominations. Among the most well filled and valuable areas are e.g. Australia with Kangaroos nearly cpl. (the pictured 1913 £1 unmounted but with a bent corner perf.), Cape of Good Hope, Ceylon, Cyprus (seems cpl.), Falkland Islands (seem cpl.), Gambia (seems cpl.), Gibraltar (seems cpl.), Gold Coast, Hong Kong, India etc. *The overall quality of the collection is unusually fine* for such a general collection, although it does contain the occasional stamp with minor imperfections or faults as is to be expected. Only a very few stamps have fiscal cancellations, these mainly being the absolute highest denominations which are extremely difficult to find with postal cancellations.

The Vatican Estate

Lot # 983 

A fantastic accumulation from the estate of an old collector in a total of 17 cartons. As he was more of an accumulator it consists of about 160 volumes, albums, stockbooks, sheet folders etc. containing numerous collections, duplicate stocks, some of them more looking like well organized dealer stocks, folders with sheets, minisheets, booklets etc. Some collections are for limited time periods, but many of them contain also many expensive early singles and sets incl. one provisional set 1934, many expensive airmails, minisheets etc. However, many other expensive stamps and sets were taken away to be kept in a safe, they are now included on cards in a separate small album with numerous certificates and can be viewed on our website. E.g. 7 sets provisionals 1934, two used and three ** as well as two ** varieties. Further a great number of the expensive values and sets from 1935 & 1936, expensive airmails from around 1950 and postage due, large part **. These can of course be put back into the collections. Very exciting and very high value.

Inspection recommended!

Conditions of Sale

- 1, The auction is voluntary and lots are sold on behalf of the vendor to the highest bidder. The prices indicated against each lot are starting prices and not minimum prices. It must, however, be pointed out that the starting prices should reflect a low commercial value.
- 2, All bids must be submitted in Euro to which is added 25% commission incl. Swedish V.A.T. Lots not picked up, are shipped on buyers risk. Postage, transport, insurance and bankcharges or charges on creditcard payments will be added.
Exception: Only 20% commission, excl. Swedish V.A.T., only for
a. Export to countries outside of EU.
b. V.A.T. registered dealers inside of EU, *but outside of Sweden*, who forward their V.A.T. registration number in good time before the auction.

Lots marked • in front of the lot numbers are subject to import V.A.T. 12% will be added to the hammer price, except for a and b above. Invoicing instructions must be received before or during the auction. Invoices can not be changed afterwards.

The bids are increased as follows:

Below Euro 500,-	Euro 10,-
500,-–2000,-	50,-
above 2000,-	ca 5%

Bids not corresponding with these steps might be reduced.

- 3, Bids submitted are binding, and cancellation is only acceptable if received simultaneously with the bid. If bids are given on behalf of others, then the bidder is himself responsible for the fulfilment of the conditions of sale. The bidder is responsible for faulty mail bids and the same applies in misunderstandings in bids submitted by telephone or fax. The bidder is personally responsible for any and all his purchases in the auction.
- 4, Mail bids are dealt with conscientiousness, but without further responsibility to the auctioneer. The auctioneer reserves the right to regroup, split up or withdraw lots and can in case of misunderstandings or disagreements annul the bids and restart the bidding. The auctioneer can also withhold the assignment to undesirable persons or refuse them admittance to the auction-room without explanation. In case of two equal mail bids for the same object, this will be sold to the bidder whose bid was the first received. The mail bidder can write alternative bids and/or indicate a total maximum purchase limit.
- 5, Payment is made in advance based on an advance invoice. The ownership of the objects remain with the vendor until the full invoice amount has been paid. If payment is not received 8 days from the invoice date, 2% interest per month is charged together with a fee of Euro 10,-. To this may be added additional documented expenses. Has payment not been received 30 days after the invoice date or has the buyer refused to pay, then the objects in question can, without further notification, be re-auctioned at the expense of the buyer.
- 6, Lots are conscientiously described but faults may occur. Claims must be made at the latest 10 days after receipt of the lot and full payment has been made with reference to the invoice number. If a claim is accepted, the full hammer price + commission and eventual V.A.T. is refunded. Interest compensation can not be made.
- 7, Request for extension must be made immediately and within 8 days from receipt. Certifier must be approved by the auctioneer. In case of a claim the auctioneer may demand a certificate from a well-known expert. Objects with certificates may, if the auctioneer regards it as justified, and if the original certifier is approved by the auctioneer, only be returned if two other well-known experts have certified a different opinion. Stamps with visible defects on photo (such as cuts, perforation, centering, cancellations etc.) can not be claimed. Returned objects must be in the same condition as when received. Lots of more than three stamps can not be claimed if one of the stamps has a minor defect. Large lots may contain both mint and used material. Collections and mixed lots are sold as is. A difference of approx. 10–20% must be accepted by the buyer.
- 8, Submission of verbal or mail bids means that the bidder has accepted above conditions.
- 9, Swedish law is applicable.

Catalogue numbers next to the object number is based on FACIT for Scandinavia and MICHEL for the rest of the world, if nothing else is stated.

Försäljningsvillkor

1. Auktionen är frivillig och sker för inlämnarens räkning. Objekt tillfaller den köpare som avgivit högsta bud. Angivna utropspriser är ej minimipriser men är satta så att de skall avspegla ett mycket lågt beräknat handelspris.
2. Alla bud skall ges i Euro. Köparen skall till auktionären betala en provision på 25% på auktionspriset inkl. moms. Om objektet inte hämtas, sker leverans på köparens risk. Porto, transportförsäkring och bankavgifter/kreditkortsavgift tillkommer. Köparprovision 20% exkl. moms gäller endast i följande fall:

Instruktioner om faktureringen skall ske före eller under auktionen. Fakturor kan inte ändras efteråt.

Vid auktionen tillämpas följande fasta höjningar av buden:

under Euro 500,-	med Euro 10,-
500,- till 2000,-	med 50,-
över 2000,-	med ca 5%
3. Avgivet bud är bindande och budgivaren är personligt ansvarig för samtliga av honom gjorda inrop. Annullering av bud kan ej ske, såvida den inte är oss tillhanda senast samtidigt med buden. Vid bud för annans räkning ansvarar budgivaren för att försäljningsvillkoren uppfylles, som vore det eget bud. Budgivaren är också ansvarig för av honom gjorda fel i auktionsuppdraget. Likaså vid oбекräftade telefon- och faxbud svarar budgivaren för ev. fel och missuppfattningar.
4. Auktionsuppdrag behandlas så omsorgsfullt som möjligt, dock utan några andra åtaganden från auktionärens sida. Auktionären äger rätt att ej godtaga bud, samt att dra tillbaka, omgruppera eller dela objekt. Auktionären har också rätt att avvisa personer från auktionen och avböja bud utan att ange skäl härför. Han förbehåller sig rätten att vid missförstånd eller meningsskiljaktigheter utlysa ny budgivning. Vid två eller flera lika bud på samma objekt från uppdragsgivare, tillfaller objektet den som först inkommit med bud. Vid auktionsuppdrag kan reservobjekt medtagas, eller också kan den totala köpesumman begränsas till visst belopp.
5. Betalning sker kontant, mot postförskott eller mot förskottsfaktura. Objektet förblir säljarens egendom tills full likvid erlagts. Likvid skall erläggas inom 8 dagar från fakturadatum. Vid senare betalning debiteras ränta med 2% per påbörjad månad, räknat på fakturabeloppet, samt kravavgift med Euro 10:-. Dessutom kan ytterligare kravkostnader tillkomma. Har likvid ej inkommit 30 dagar efter fakturadatum eller om köparen vägrar betala, kan objekten utan ytterligare meddelande säljas på köparens bekostnad.
6. Objektet är omsorgsfullt beskrivna, dock kan smärre fel förekomma. Ev. reklamation måste göras senast 10 dagar efter det att objektet levererats. Vid all korrespondens bör fakturanummer anges. Vid godkänd reklamation återfår köparen auktionspris plus provision och eventuell moms. Räntegottgörelse kan ej påräknas.
7. Begäran om förlängd reklamationstid för att köparen önskar sända objekt för expertundersökning, måste ske omgående och inom 8 dagar efter mottagandet av objektet. Experten måste godkännas av auktionären. Auktionären kan vid reklamation kräva intyg från en opartisk, välkänd expert. Objekt med äkthetsintyg kan, om auktionären så anser befogat, och om det ursprungliga intyget är utfärdat av en godkänd expert, endast returneras om minst två opartiska och välkända experter har en avvikande mening. Defekter synliga på foto (klippning, tandning, centrering, stämpling etc.) kan inte ligga till grund för reklamation. Reklamation kan ej heller ske om objekt eller märke förändrats genom någon slags behandling. Objekt innehållande fler än 3 märken kan inte returneras på grund av smärre defekter på enstaka märke. Stora objekt kan innehålla både stämplade och ostämplade märken. Samlingar, partier, massvara, kilovara etc., säljes i befintligt skick och kan inte returneras. En differens på 10–20% måste kunna accepteras av köparen.
8. Avgivande av muntligt bud eller auktionsuppdrag innebär godkännande av ovanstående villkor.
9. Svensk lag gäller.
