Auction # 213

The Indriði Pálsson Large Gold Medal Collection of Classic Iceland

Part 2

Next Auction!

The Indriði Pálsson Large Gold Medal Collection of Classic Iceland Part 3

The majority of this exceptional collection has now been offered, however there is still a small but nice selection of beautiful items, which all will be a part of our next general auction. That includes below "Crown Jewel" of Icelandic philately.

The earliest skilling cover recorded. Already in March 1873 it was carried out of Reykjavík with the first available mail route to the North of Iceland since the stamps were issued.

Mail Bidders!

We always endeavour to simulate the actual auction situation for our mail bidders, you must however beforehand have determined the maximum you wish to pay for each lot and we will ensure that this maximum is not exceeded. Your bids must be in Euro and divisible by 10. The bidding always starts with the second highest mail bid plus the next increase (see conditions of sale sect. 2). The bidding then continues between the bidders in the audience and the highest mail bidder.

Avoid missing out on every item you wanted because of higher bids from others by bidding on many items but limit your total purchase to an amount of your choice (see bid form "my total purchase must not exceed:...excl. commission"). You can for example bid for a sum of € 10 000 but limit your total purchase to € 1 000 or any amount you wish.

You can also bid on two or several items and add "or" in between. We will then make sure that you get only one of these items.

Further, according to your instructions we can for example also raise your bid on one item if it turns out that you got another item less expensive than your highest bid.

Should there be two or more equal mail bids then the first bid received will buy the lot, so please submit your bids as early as possible.

To ensure you a safe handling of your bids, we need them at least 24 hours before the auction starts.

“Postiljonen Horses”

Postiljonen has always emphasized the advantages and the importance of collecting philatelic items of the highest quality. We think this is an important step for the development of modern collecting.

To highlight, and to a certain degree reward what we think is interesting, fun, beautiful and high quality philately, we are choosing a number of items in our auction catalogues and present them with Postiljonen emblems. It should be specially noted that it is not a complete classification, you will surely find other items that would well deserve extra attention.

This choice of excellence is a subjective opinion, even if done with professional as well as philatelic skill and experience. It reflects also the emotional influence of an individual eye.

An item of outstanding quality and beauty. A rarity for its appearance and not necessarily for its value. Suitable in any collection for private enjoyment as well as for exhibition.

An item of highest excellence in regard to quality, beauty and rarity. A wonderful addition to any collection in its area.

The Indriði Pálsson Collection

Part 2

After a successful first auction of the Pálsson collection with only one unsold lot of the 207 offered ones, which sold shortly after the auction, we are now happy to present the second part. This will continue with exquisite items from his highly awarded exhibition collection including the skilling cover with 2 & 8 skilling, which we dare say is the most complete of only three covers recorded to foreign destinations outside of Denmark.

Indriði enjoyed the excitement in competing at exhibitions and he ended up with an impressive award list, crowned in Copenhagen at HAFNIA 01 with FIP Large Gold Medal & Special Prize. He became the first Icelandic collector reaching this level. His most important international awards are:

- NORDIA 92 in Kristiansand – Grand Prix NORDIC
- NORDIA 94 in Århus - Grand Prix NORDIA
- PACIFIC 97 in San Francisco – FIP Gold Medal
- PORTUGAL 98 in Lisbon – FIP Gold Medal & Special Prize
- LONDON 2000 - FIP Gold Medal
- HAFNIA 01 in Copenhagen - FIP Large Gold Medal & Special Prize

In this auction, we will also on the behalf of the estate offer all the crown cancellations, which he collected alongside with his exhibit as well as many other exciting items from his holdings including duplicates and remainders in lots.

We predict that many of these items and lots will be of great interest for many collectors and we leave the further studying of the catalogue to you and hope you will enjoy it. Hopefully it will also motivate you to visit us and take part in the auction. The first one was very exciting and so we believe this will be.

If bids are given on behalf of others, then the bidder is himself responsible for the fulfilment of the conditions of sale. The bidder is responsible for faulty mail bids and the same applies in misunderstandings in bids submitted by telephone or fax. The bidder is personally responsible for any and all his purchases in the auction.
 - 4, Mail bids are dealt with conscientiousness, but without further responsibility to the auctioneer. The auctioneer reserves the right to regroup, split up or withdraw lots and can in case of misunderstandings or disagreements annul the bids and restart the bidding. The auctioneer can also withhold the assignment to undesirable persons or refuse them admittance to the auction-room without explanation. In case of two equal mail bids for the same object, this will be sold to the bidder whose bid was the first received. The mail bidder can write alternative bids and/or indicate a total maximum purchase limit.
 - 5, Payment is made in advance based on an advance invoice. The ownership of the objects remain with the vendor until the full invoice amount has been paid. If payment is not received 8 days from the invoice date, 2% interest per month is charged together with a fee of Euro 10,-. To this may be added additional documented expenses. Has payment not been received 30 days after the invoice date or has the buyer refused to pay, then the objects in question can, without further notification, be re-auctioned at the expense of the buyer.
 - 6, Lots are conscientiously described but faults may occur. Claims must be made at the latest 10 days after receipt of the lot and full payment has been made with reference to the invoice number. If a claim is accepted, the full hammer price + commission and eventual V.A.T. is refunded. Interest compensation can not be made.
 - 7, Request for extension must be made immediately and within 8 days from receipt. Certifier must be approved by the auctioneer. In case of a claim the auctioneer may demand a certificate from a well-known expert. Objects with certificates may, if the auctioneer regards it as justified, and if the original certifier is approved by the auctioneer, only be returned if two other well-known experts have certified a different opinion. Stamps with visible defects on photo (such as cuts, perforation, centering, cancellations etc.) can not be claimed. Returned objects must be in the same condition as when received. Lots of more than three stamps can not be claimed if one of the stamps has a minor defect. Large lots may contain both mint and used material. Collections and mixed lots are sold as is. A difference of approx. 10–20% must be accepted by the buyer.
 - 8, Submission of verbal or mail bids means that the bidder has accepted above conditions.
 - 9, Swedish law is applicable.
- Catalogue numbers next to the object number is based on FACIT for Scandinavia and MICHEL for the rest of the world, if nothing else is stated.
