After view

During this past weekend, we were delighted to experience plenty of “digital action”! Our third auction with live bidding via the internet massively outshined our previous ones using this modern way of bidding. Almost five hundred clients had registered for live bidding and those who participated accounted for nearly 60 % of the total hammer prices. But of course we still miss our “personal auction room” and hope that we will soon be back to normal again. However, it will surely be a “new normal”.

In the absence of social activities with association meetings and exhibitions, it is obvious that stamp collectors of all levels are acquiring new items for their collections. Therefore, we are rather sure that in the near future we will see some of the most expensive items from this auction in exhibits.

The “follow-up” to the series of seven magnificent Gummesson auctions, “Terttu Österman’s Large Gold Collection of Finland”, did not disappoint any collector of Finland. All 178 lots were sold and the

total hammer prices almost doubled compared to the starting prices. Our Finnish clients were very active live bidders and anxious not to miss any important items; it will be very exciting to see these in their new or improved exhibits.

After all the cancelled exhibitions last year, we now keep our fingers crossed for **ESLÖVIA 2021**, the Swedish national exhibition, and of course **NORDIA 2021** in Kuopio, Finland, both in mid-August with only one week in between. We miss you all and look forward to meeting you for a talk about your potential consignment, or just for a friendly chat!

Please hang on, keep the distance and try to get your vaccine. Hopefully we can soon meet again!
