After view

It is now Sunday noon and we are looking back on an intense and stressful, but also a very nice and successful auction week. To complete the week, we in the team are working during the weekend with invoicing, packing and delivering, as we are fully aware that you all want to include your new acquisitions in your collections as soon as possible.

We have a feeling that people again want to meet and socialise. After the unfortunate pandemic a few years ago, which we most of all want to forget, our clients are gradually coming back to our viewings as well as to our "personal auction room". Not like in "the good old days", but anyway it makes us very happy! This time we were especially glad to see many Danish as well as Icelandic clients and friends.

With almost five hundred registered live bidders and thousands of bids through our website and by email, we can definitely state that the stamp market is truly alive! In this list of prices realised you will find interesting and remarkable prices for items in the different sections, but of course also normal prices that reflect the current market. We prefer not to highlight any specific results here, as we leave it up to you to study.

In less than three weeks, we will participate as main sponsor at the European stamp exhibition **HAFNIA 24** in Copenhagen 17-20 October. This is more or less our home market as it only takes us about 45 minutes across the bridge to get there. Later this year we will of course also participate at the prestigious exhibition **MonacoPhil 2024**, 5-7 December, this time at a new location in Monte Carlo. You are all most welcome to visit our stand at these events.

Thank you all for taking part and welcome back again in March 2025.
