After view

It is easy to feel very satisfied today, the day after our three-day spring auction, for several reasons. The long-running pandemic seems to be “over”, at least in our part of the world, which resulted in more visitors to the viewing as well as in the auction room. We loved that! March has been sunnier than usual and in addition, today it is the March equinox. As icing on the cake, the auction resulted in a new turnover record!

Our two specialized sales “Denmark Gold 1851-1863” and “People’s Republic of China” part 2, in two separate catalogues, resulted in several remarkable individual prices, which we recommend that you study in this list of prices realized. We believe you will be able to see some of the Danish rarities at future exhibitions. From the PRC sale it is very difficult not to mention the “Tian-an men” and “The Whole Country is Red”, but Chinese and other collectors living all over the world made this entire auction a real happening. Thank you!

That being said, we must not forget the General auction with many nice moments. The interest in the comprehensive and often mounted exhibition collections was as strong as we had predicted. It was not only the unused collection from The Netherlands that stood out, but also the ones from French colonies, British Commonwealth, Greece, Persia and Nepal just to mention some. In the Swedish section, we have to congratulate the buyer of the 1 Sk. Bco with the fantastic and rare star cancellation, as well as others acquiring exceptional items in strong competition.

We really regret that we had to cancel our participation at London 2022, which we had been looking forward to for many years. Now we are eager to meet you at **Helvetia 2022** in Lugano, 18-22 May.

Thank you all for your contribution!
